Dear Mr. Weisberg:

This is in further reply to your letter of November 3, 1966, which requested permission to study the x-rays and photographs relating to the autopsy of President John F. Kennedy.

I have just been advised by Mr. Burke Marshall, representative of the executors of the estate of President Kennedy, that he is not prepared to waive the provision in the agreement of gift which provides that these materials will not be open to any private inspection for a period of five years.

Sincerely yours,

James B. Rhoads
Acting Archivist
of the United States
